

Quito, Ecuador, March 27th 2023

Call for Sponsors for Latincrypt 2023

We are the main organizers of Latincrypt 2023, which will be held in person from October 2nd to October 6th at the Universidad de las Fuerzas Armadas ESPE facilities in the city of Sangolquí, Ecuador.

Latincrypt 2023 is the Eighth International Conference on Cryptology and Information Security in Latin America, organized by the Universidad de las Fuerzas Armadas ESPE in Quito, Ecuador, in cooperation with IACR, the International Association for Cryptologic Research. Latincrypt 2023 seeks original contributions on all technical aspects of cryptology, including, but not limited to, symmetric and public-key primitives, symmetric and public-key cryptanalysis, cryptographic protocols, security notions and models, formal methods, software and hardware implementations and their security, applied cryptography and privacy, as well as cryptologic aspects of network security, complexity theory, information theory, coding theory, number theory, and quantum computing.

In this 2023 edition of Latincrypt, we have a fantastic lineup of invited speakers. Additionally, we expect an exciting lineup of around forty accepted papers that would greatly interest a broad range of participants. As part of this conference, we will organize a summer school providing training at the highest level in the latest cryptography, named the ASCrypto 2023.

We kindly request your help and support. Latincrypt 2023 is a non-profit organization, and registration fees and sponsorships are mainly covered by academic and private institutions such as yours.

In past conference editions, sponsors have used the opportunity to advertise, get in touch with like-minded people, or support progress in the field. The sponsorship will be solely used to facilitate the Latincrypt 2023 organization, offer student stipends and travel, and a registration waiver for selected participants.

The Latincrypt-2023 community greatly appreciates sponsors. In recognition of your support, your institute and its logo will be acknowledged and featured on the following Table 1:

Table 1: Latincrypt-2023 Sponsorship Benefits

Benefits	Platinum \$10.000	Gold \$7.500	Silver \$5.000	Bronze \$2.500
Logo recognition on the official website of Latincrypt-2023	✓	✓	✓	✓
The proceedings to be published by Springer’s Lecture Notes in Computer Sciences.	✓	✓		
Rolling presentation during breaks, the opening and closing program	✓	✓	✓	✓
Other promotional materials in Latincrypt letterhead material, official posters, etc.	✓			
Free registrations in Latincrypt-2023	4	3	2	1
Free registrations to ASCrypto-2023.	4	3	2	1
Optionally, an advertising booth/desk.	✓	✓	✓	✓
Company logo in our news letters	✓	✓	✓	
Dissemination through social networks of your sponsorship	✓	✓	✓	✓

We ask for US\$ 2,500, US\$ 5,000, US\$ 7,500, and US\$ 10,000 for Bronze , Silver, Gold,and Platinum level sponsorship to acknowledge your generous support.

We warmly thank you for your great help and support. Please let us know if you would like more information. We hope that you will consider contributing.

Sincerely,

WALTER MARCELO FUERTES DIAZ
